Fintech Operations & Digital Finance Executive | Payments Digital Banking Embedded Finance | MSc Finance

SUMMARY

Fintech executive with 10+ years building and operating digital finance products across LATAM and the US. Hands-on experience designing payment infrastructure (gateways, wallets, ACH, card, blockchain rails), structuring KYC/AML frameworks, defining revenue models, and advising founders on capital strategy and product-market fit. Deep knowledge of the full payments stack and technical layer (cloud architecture, API integration, AI/LLM, crypto rails).

WORK EXPERIENCE

Partner | Alma Partners — Colombia / LATAM

Jun 2021 – Present

- Advise fintech founders on payment rails, revenue model design (MDR, interchange, fees), KYC/AML compliance frameworks, and GTM strategy for digital finance products.
- Structure sponsor bank partnerships, open finance API integrations, card programs, credit product design, and digital collections workflows.
- Lead financial due diligence on capital allocation and funding structures; support founders preparing for fundraising rounds.

Regional Director, Latin America | Postindustria Inc. (USA)

Apr 2023 – Nov 2024

- Operated full regional P&L across 20+ enterprise accounts (contracts up to \$8M ARR); owned budgeting, forecasting, compliance reporting, and resource optimization.
- Directed multi-country delivery of digital and financial technology products across product, engineering, data, and QA; led C-level QBRs with US and European stakeholders.

CEO | Adasoft Inc. (USA) — Delaware C-Corp

Jan 2021 – Apr 2023

- Founded and structured US operations end-to-end: Delaware C-Corp, IFRS accounting, tax returns, US banking relationships, and credit lines — serving ~30 fintech clients across Colombia, Mexico, Argentina, and the US.
- Led product strategy for credit, savings, and investment products (fiat and crypto); oversaw delivery of ACH integrations, payment gateways, card processing, and PCI-compliant data security.
- Defined revenue and pricing models (transaction fees, MDR, subscription, spread-based); managed full P&L, hiring, and cross-functional teams (AI, blockchain, engineering).

Chief Growth Officer | Le Gift

Feb 2019 – Jan 2021
