AI Fintech Executive | Payments Digital Finance AI Products | LATAM | MSc Finance

Summary

Fintech executive with 10+ years building and operating digital finance products across LATAM and the US, and an MSc in Finance. Independently shipped AI-powered fintech products including a multi-bank personal finance platform (SortCash) and an autonomous AI application engine (Applica). Deep domain expertise across the full payments stack - gateways, ACH, card, blockchain rails, KYC/AML, and revenue model design - combined with hands-on AI/LLM engineering. Experienced leading multi-country teams, owning P&L, and operating across product, engineering, risk, and commercial functions. English C2 | Spanish native | Portuguese B2.

Work Experience

Partner | Alma Partners - Colombia / LATAM Jun 2021 - Present

Design and implement AI-native systems for financial sector clients: RAG pipelines for financial research and regulatory document processing, autonomous AI agents for operations and commercial workflow automation, and LLM-powered tools for financial decision support and analysis.

Provide project development consulting: financial viability analysis, cashflow modeling, scenario planning, payer mix assessment, and financing structure.

Advise fintech founders on payment rails selection, revenue model design (MDR, interchange, fees), KYC/AML compliance frameworks, and go-to-market strategy.

Lead financial due diligence on capital allocation and funding structures; support founders preparing for fundraising rounds.

Regional Director, Latin America | Postindustria Inc. (USA) Apr 2023 - Nov 2024

Developed and managed strategic partnerships across LATAM; expanded the company's regional commercial footprint and established enterprise relationships in key markets.

Led LATAM operations end-to-end: team coordination, regional pipeline management, and multi-country delivery across a portfolio of enterprise accounts.

Built and led the regional KAM team; led C-level QBRs with US and European stakeholders; served as executive escalation point for strategic accounts.

Collaborated cross-functionally with Product, Engineering, Data, QA, and Finance to align client priorities with internal roadmaps.

CEO | Adasoft Inc. (USA) - Delaware C-Corp Jan 2021 - Apr 2023

Founded and structured US operations end-to-end: Delaware C-Corp, IFRS accounting, tax returns, US banking

relationships, and credit lines - serving 50+ fintech clients across Colombia, Mexico, Venezuela, Argentina, and the US.

Oversaw delivery of payment infrastructure: ACH integrations, payment gateways, card processing, PCI-compliant security layers, and cross-border payment connections.

Built fintech products spanning credit origination, digital savings, and investment platforms (fiat and crypto); defined revenue models (MDR, fees, subscription, spread); managed full P&L.

Chief Growth Officer | Le Gift Feb 2019 - Jan 2021

Led commercial strategy and partnership development; negotiated 50+ partnerships; contributed to 140% YoY revenue growth and a 3.5x investor exit.

Head of Product and Sales | Tiempo de Leer Publishing House Aug 2015 - Feb 2019

Secured 6 international licensing agreements across Finland, Turkey, Japan, Italy, Chile, and El Salvador.
